

# EnergyBus Membership

## **Task and Goal of EnergyBus e.V.**

EnergyBus e.V. is organized exclusively for non-profit purposes in terms of Section 51 and the following of the revenue code. The purpose of the co-operation is to promote environmental protection and health by widespread use of light electric vehicles. In order to achieve this goal, the association promotes the international advancement and adoption of a communication system called EnergyBus for networking components. EnergyBus e.V. facilitates the development of high-quality compatible EnergyBus (EB) devices and promotes the benefits of EB and the quality of products that have passed compliance testing. Another goal is the promotion of science and research in this area.

The EnergyBus e.V. encourages bicycle OEM's, peripheral vendors, software vendors, and other research institutes and associations to join and work actively in the further development and finalization of the EnergyBus system. The advancement of EnergyBus depends directly on the commitment and input of its members.

## **How to become a Member**

1. Please complete and sign the attached application form and send it to this fax number: +49-36646-27095. This will serve as your invoice as well as agreement to the terms of membership in EnergyBus e.V.

## **Terms and Conditions**

The membership subscription of the company named above („Company“) becomes effective on the date on which the Forum administrator sends notice of enrollment to the Company. EnergyBus membership is subject to the following terms:

1. The bylaws are known to us in their version as of 19th March 2007.
2. We grant permission to electronic data saving and to be named and listed as a member of EnergyBus e.V. in directories and marketing materials.
3. Annual Membership. A 4,000 Euro payment is a membership subscription fee for a 12-months period.
4. Warrantees. Any goods or services furnished or made available to members are provided „as-is with all defects“ and without warranty of any kind. The forum disclaims all warranties of fitness for a particular purpose, non-infringement or merchantability. Neither EnergyBus, any EnergyBus member, nor any other supplier of software, hardware, or services will be liable to the Company for any fault or defect in these items or for any failure to deliver all or any portion of these items.
5. Liability Limited. In no event shall members or the EnergyBus e.V. or their suppliers be liable for any consequential, incidental, punitive, or lost profit damages, or for any damages arising out of loss of use or loss of data arising out of participation in forum events, or this agreement.
